## How About the Shoes?

### It Pays to be Good to Your Feet.

They carry the burdens of the whole body, and ought to have proper attention. Good Shoes not only prevent colds and other aches and pains, but very frequently the well-fitting shoe keeps the mind active and the temper cool. The modern manufacturer has studied the foot so that now anyone can be fitted with absolute comfort.

We carry the largest stock in DeSoto county, have the best brands known to the trade and during the Expansion Sale we will offer prices that will justify the prudent mother in bringing in the whole family and fitting them out with two or three pairs each.

Besides our regular stock, which is full and unbroken, we have 200 pairs of fine shoes that will be arranged in separate bins and go at 50¢ to 1.50

We have 300 pairs of ladies' gents' and misses' Oxfords which will go at from 69¢ to \$1.50 a pair

Any shoe in either line is worth twice the money. Our regular line of Ladies' Oxfords worth \$3 will go during the expansion sale at \$2.25

\$2.25 values, expansion sale prices, \$1.69

1.50 values, expansion sale prices, 1.15

Saving expansion prices will be made on the entire line.
